Compatibility (Windows).....	1
Blender Hangs on Window Duplication (Nahimic for MSI).....	1

Compatibility (Linux)

Compatibility (OSX)

Mouse Motion Jitters (SmoothMouse)

Problem

When grabbing an object or orbiting the view, cursor motion is jittery.

See bug report

Solutions

- Uninstall **SmoothMouse**.
- Disable Continuous Grab

Compatibility (Windows)

Blender Hangs on Window Duplication (Nahimic for MSI)

Problem

Accessing Window ▸ Duplicate Window, hangs Blender, using 100% of one core.

See bug report <https://developer.blender.org/T47224>

Solution

Uninstall **Nahimic for MSI**
